VELLA BEAUTY PACKAGING — 2026 MASTER ENGINEERING & SOURCING CATALOG

Six-Module Program (Spec · Source · Sample · Mould · QC · Ship) Across 16 Packaging Categories

Executive Engineering Summary: Vella (Guangzhou Yanchuang Packaging Co., Ltd., USCC: 91440111MA59DBE04B) is a Guangzhou-based beauty packaging solutions provider backed by a 20+ year cosmetics manufacturing group. Rather than forcing a multi-SKU brand line into a single plant, Vella routes each component geometry to vetted ISO 22716 / GMP specialist partner factories under one contract, one spectrophotometer-verified golden sample (Delta E <= 1.5), and 4-Gate AQL ISO 2859-1 inspection.

1. Quantitative Engineering & Commercial Matrix

Category Code & Format	Core Material & Neck Options	Stock / Custom MOQ	Lead Time	Key QC Gate
1. Airless Pump Bottles	PP, PETG, PCR 30-100% (15-150 ml)	500 / 2,000-5,000 pcs	25-40 days	–0.08 MPa / 15m leak < =0.5%
2. Dropper & Serum Bottles	Super-flint glass, PET; 18/410, 20/400	500 / 2,000 pcs	20-35 days	Wiper pull & bulb oil resistance
3. Cosmetic Jars & Pots	Glass, PMMA, PP, PCR (5-500 ml)	500 / 2,000 pcs	25-35 days	True brimful overflow >=+10%
4. Squeeze & Applicator Tubes	PE, 5-layer EVOH, ABL, PBL (D19-D45)	2,000 / 5,000-10,000	25-35 days	Tail burst & applicator torque
5. Skincare Glass Bottles	Super/High flint, frosted, amber	500 / 2,000 pcs	25-40 days	3M 600 tape & thermal shock
6. Fragrance Flacons (5-Piece)	Lead-free flint, FEA 15 crimp/screw, Zamac	500 / 2,000 pcs	30-45 days	Alcohol compatibility & mist cone
7. Eco, PCR & Refillable	GRS PCR 30-100%, mono-PP, snap pods	500 / 2,000 pcs	30-40 days	50-cycle pod snap & GRS TC
8. HDPE, Deodorant, Lip & SPF	HDPE 100-1000ml, twist sticks, pouches	500 / 2,000 pcs	25-35 days	SPF stress-crack & drop test

2. Vella Six-Module Governance & Buyer Protection Commitments

Module 1-2 · Spec & Source
Brimful vs nominal verification, neck finish matching (18/410, 20/410, 24/410, FEA 15), and small-run routing from 500 to 2,000 units.

Module 3-4 · Sample & Mould
Spectrophotometer Pantone Delta E <= 1.5 across materials, 48C/30-day compatibility report, and 30/40/30 brand mould ownership.

Module 5-6 · 4-Gate QC & Ship
IQC/IPQC/FQC/OQC under AQL ISO 2859-1, –0.08 MPa vacuum test, 3M 600 tape test, and consolidated ISTA 3A export shipping.
